 This most tremendous hero that ever was seen  
 That's coming of late for to defend green,

**CHORUS—**

In spite of Boyle and his bou-ting,  
 His intrest and common freeholders,  
 We will crown the blood race of who opened  
 The Parliament door for our Creed,

Here comes Boyle from the coast a black jack,  
 Cribbing our voters with gold and Bank notes  
 He appears in his tallant a lamp like, in green;  
 That came from the spiders of guile webbing snare..

McCarthy Downing this he came in with speed,  
 With steel strenght and val our to conquer the deed,  
 Saying country Loys have you sold of the decree  
 That was loosend by O'Connell and left there for me

They women came forward prepar'd in their steels,  
 They had stones in their stockings in place of their feet  
 Saying come my brave girls stand loyall to our Creed,  
 And we will wolop Boyle out towards Pokurke ce

Long life to McCarthy Downing and may he proceed  
 In bringing the Union to sweat College green,  
 May we soon see him victorons with glee,  
 Three sheets for our hero and sweet liberty;

Now to conclude an. let all persons see  
 I'll tell you what happen'd here on last week  
 Who Doyle in his granduer came forward to speech,  
 He was bah. d every step by mob in the street,
